Murano – Combining the beauty of timber with high performance acoustics

The Murano range of timber acoustic panels represents over 20 years of continuous product development to provide our clients around the world with high quality interior wall and ceiling linings and noise control solutions.

Designers can choose from a wide selection of sound absorbing Murano patterns, bespoke designs and surface finishes, enabling the creation of interior spaces that are not only beautiful, but also functional.

Murano Acoustics, a division of Sontext Australia, is an international supplier of superb quality Acoustic Timber Panels.

Quality finish and performance

Murano Acoustic Wood Panels integrates custom design with the latest acoustics technology to create the perfect noise reduction solution. State of the art CNC machinery produces the large variety of grooves, slots, holes and patterns that are distinctively Murano. The core material is composed of MDF—fire retardant, low formaldehyde (E1 grade) and FSC Certified if required to meet industry standards. The Murano acoustic wood panels are manufactured with the distinctive “non see through” black SoundTex acoustic felt attached to the back.

Fire Safety

Murano Acoustic Timber panels are manufactured from a range of Fire rated MDF substrates. These have been tested and meet international fire standards. Speak to our experienced team about your needs and the requirements of your region.

Sustainability

Murano Acoustics is a division of Sontext Australia. Sontext, as a company is totally committed to sustainability: we are environmentally aware and environmentally active. Sontext is fully committed to reducing our carbon footprint and energy consumption.

We use products that range from 70% – 100% recycled materials in our manufacturing process. Our products include ODP free insulation, and it's our aim that all raw materials meet international standards for Zero formaldehyde and no harmful VOC's. The company will endeavour to follow best practice in line with the requirements of ISO14001:2015 and the expectations of all interested parties

Quality Policy

Murano Acoustics parent company, Sontext Australia, employs an ISO 9000:2015 Quality Management System ensuring our customers can have confidence in our ability to consistently provide the highest quality products and services. .
